

Tips for Your Visit During this time

- **Sick?** Stay home if you or anyone in your party are sick or showing signs of illness.
- **Be a superhero.** We strongly encourage all visitors ages 2+ to wear masks during their visit to Port Discovery to help keep kids and visitors safe.
- **Keep it Clean!** Use hand sanitizer when you enter the Museum and before/after visiting each exhibit. Wash your hands often.
- **Play Smart!** Stay in Your Bubble and 6' Feet apart from those not in your party.
- **Stay in Your Lane.** Observe directional signage and one-way entrances, exits, and stairways.
- **Snacks & Drinks in The Pier Only.** Please observe safe physical distancing and be mindful of other guests waiting to use this space.

PLEASE NOTE: Tot Trails and Chessie's Grotto are designed for children 3 and under. **The Oasis** is a quiet space for children 6 and under. Our **SkyClimber** is for children 5 and older. If children under 5 climb, they cannot slide down. *Good thing climbing down the other side is just as fun!*
